Sean's after-school job

Read Sean's story about how he was supported to get his first job at Bunnings through the 'After-School Job pilot' through his local Ticket to Work network. [Read full case study.](#)

The Youth Employment Study

The Youth Employment Study (YES) is the first Australian study to survey a large group of young people accessing Australian employment programs. YES aims to find out what helps young people get jobs and stay in jobs they enjoy.

This is a unique opportunity to speak about youth employment for people with disability, and it is vital that many young people with disability get the chance to be involved.

NDS Ticket to Work has made submissions to two inquiries

- NDS submission to the National Youth Commission into Youth Employment and Transitions:

If you can support, promote and encourage participation in the study, please do so, so we get a rich picture of what works and in turn improve outcomes for young people with disability.
